Sustainable development is the organizing principle for meeting human development goals while simultaneously sustaining the ability of natural systems to provide the natural resources and ecosystem services upon which the economy and society depend. The desired result is a state of society where living conditions and resource use continue to meet human needs without undermining the integrity ...

Sustainable development - Wikipedia

Learning in organizations. In recent years there has been a lot of talk of 'organizational learning'. Here we explore the theory and practice of such learning via pages in the encyclopaedia of informal education.

infed.org | Learning in organizations - theory and practice

Practice or practise is the act of rehearsing a behavior over and over, or engaging in an activity again and again, for the purpose of improving or mastering it, as in the phrase "practise makes perfect". Sports teams practise to prepare for actual games. Playing a musical instrument well takes a lot of practise. It is a method of learning and of acquiring experience.

Practice (learning method) - Wikipedia

The work carried out by ICH under the Efficacy heading is concerned with the design, conduct, safety and reporting of clinical trials. It also covers novel types of medicines derived from biotechnological processes and the use of pharmacogenetics/ pharmacogenomics techniques to produce better targeted medicines.

Efficacy Guidelines : ICH
